February is heart health month and clean air is important to protect your heart! Particulate matter (PM) pollution is microscopic and can travel through your lungs directly to your heart so it is important to reduce or avoid outdoor activities when PM is elevated.

Febrero es el mes de la salud del corazón y el aire limpio es importante para proteger tu corazón. La contaminación de partículas (PM) es microscópica y puede viajar a través de tus pulmones directamente a tu corazón, por lo que es importante reducir o evitar las actividades al aire libre cuando los niveles de PM están elevados.

Please avoid idling while you wait to pick up your student. Idling vehicles add unnecessary pollution into the air that can be harmful to children's developing lungs.

Por favor, evita dejar el motor encendido mientras esperas a recoger a tu estudiante. Los vehículos que mantienen el motor encendido mientras estacionados agregan contaminación innecesaria al aire que puede ser perjudicial para los pulmones de los niños que aún se están desarrollando.

Carpooling, biking or rolling to school reduces the amount of vehicles in front of schools, which results in less emissions and healthier air for our students.

Compartir el vehículo, andar en bicicleta o usar patinetas para ir a la escuela reduce la cantidad de vehículos frente a las escuelas, lo que resulta en menos emisiones y un aire más saludable para nuestros estudiantes.

To protect public health, the Residential Wood Smoke Reduction program runs from November through the end of February. Check your county's wood-burning status at valleyair.org/burnstatus or call 1-800-766-4463. Remember, burning trash or yard waste is always illegal.

Para ayudar a proteger la salud pública, el programa de Reducción de Humo de Leña Residencial se lleva a cabo desde noviembre hasta el final de febrero. Revisa el estado de quema de leña en tu condado en valleyair.org/burnstatus o llama al 1-800-766-4463. Recuerda que quemar basura o residuos de jardín siempre es ilegal.

We can all be healthy air heroes and make a positive change this new year. Simple things like doing all your errands in one trip, avoiding drive-through services and walking or using a bike instead of driving a gas vehicle can help clean the air.

Todos podemos ser héroes del aire limpio y hacer un cambio positivo este año nuevo. Cosas simples como hacer todos tus mandados en un solo viaje, evitar los servicios en ventanilla y caminar o usar una bicicleta en lugar de conducir un vehículo de gas pueden ayudar a limpiar el aire.

Protect Your Health and Improve the Air / Protege tu Salud y Mejora el Aire

Available Air Quality Tools

You can get air quality information right now! The District's mobile application (valleyair.org/app) provides accurate real-time air quality information and push notifications to alert you of changing air quality. Using the app, you can also:

- Save up to 10 locations... home, school, mom's work, dad's bike route, dog park, etc.
- Receive alerts during unique air quality episodes.
- Submit confidential air pollution complaints.
- View the daily residential wood-burning status in your area, from November 1 through the end of February.

In addition, many web-based air quality resources have become available that utilize a combination of regulatory-grade air monitors, temporary air monitors, and low-cost sensors to provide real-time information regarding air quality in the San Joaquin Valley, including smoke impacts during wildfire episodes, visit valleyair.org/wildfires.

Herramientas de calidad del aire disponibles

¡Tú puedes obtener información sobre la calidad del aire ahora mismo! La aplicación móvil del Distrito (valleyair.org/app) brinda información precisa sobre la calidad del aire en tiempo actual y notificaciones automáticas para alertarte sobre cambios en la calidad del aire. Con la aplicación, también puedes:

- *Guardar hasta 10 ubicaciones... hogar, escuela, trabajo de mamá, ruta de bicicleta de papá, parque para los perros, etc.*
- *Recibir alertas durante episodios únicos de calidad del aire.*
- *Presentar quejas confidenciales sobre la contaminación del aire.*
- *Ver el estado diario de la quema de leña residencial en tu área, desde el 1 de noviembre hasta finales de febrero.*

Además, muchos recursos de calidad del aire basados en la web están disponibles que utilizan una combinación de monitores de aire de grado reglamentario, monitores de aire temporales y sensores de bajo costo para proporcionar información en tiempo actual sobre la calidad del aire en el Valle de San Joaquín, incluyendo impactos de humo durante episodios de incendios forestales, visita valleyair.org/wildfires.

Free Activity Books! ¡Libros de Actividades Gratis!

Become a Healthy Air Hero! Request a FREE activity book for students Kinder through 6th grade by emailing public.education@valleyair.org.
