Type of Grapes: (Raisin, Table, or Wine) Vineyard Type: (Cordon or Cane Pruned) What will be replanted?

State Mandated Phase-Out of Vineyard Removal Burning

In accordance with SB 705 all vineyard removal burning in the San Joaquin Valley will be phased out according to the following schedule. New restrictions begin January 1 of each year. Be aware of the applicable prohibition dates for your operation and plan ahead. **The District cannot guarantee that allocation will be available leading up to the prohibition dates. Removals will not be allowed to burn after the applicable prohibition date, even if they have been inspected and placed on the waiting list.**

	2022	2023	2024	2025
Cordon (Spur Pruned)	Prohibited at operations with >2,000 acres of total vineyard at all locations	Prohibited at operations with >1,000 acres of total vineyard at all locations	Prohibited at operations with >250 acres of total vineyard at all locations	Prohibited for all operations
