2025 Kids' Calendar Contest

Attention Students and Teachers - we need art!

Each year the Valley Air District creates a calendar complete with healthy air living messages and creative artwork from students K to 12th grade in the San Joaquin Valley. We will select multiple artists for the 2025 edition; so get out your markers, crayons, computers or paints to start your clean-air masterpiece!

EXAMPLES of healthy air living messages:

- Drive less to help clean the air
- Turn off the engine while waiting to pick up kids from school
- Switch to a cleaner device instead of burning wood to warm your home
- Check air quality before going outside
- Switch to a hybrid or electric car
- Ride your bike (or skateboard or scooter) to school
- Use electric lawn equipment instead of gas
- Don't burn trash
- Share a ride to work or school
- Know the air quality! Download the Valley Air app
